

HEAR BETTER • LIVE FULLY

Hearing is one of the five natural senses that allow us to enjoy life and the world around us. Music, radio, television, movies, and theater – all become less accessible and enjoyable without the benefits of hearing. And Hearing Loss can lead to more serious problems such as social disengagement, increased stress and even cognitive decline.

Hearing is a valued life asset that can be protected, treated and assisted through a program for hearing healthcare. [The EPIC Hearing Service Plan provides easy access to hearing health professionals](#) – primarily physicians and audiologists – who can help you achieve your maximum hearing potential throughout your life.

Hearing loss usually occurs gradually, without pain or discomfort. However, some more serious symptoms merit immediate attention by a physician:

- A sudden hearing loss
- Spinning and dizziness with vomiting
- Persistent ringing in one ear
- Blood or fluid draining from one or both ears
- Persistent pain in one or both ears

Hearing problems are fairly common: 12% of the US population has some form of hearing impairment and hearing loss is the #3 chronic health problem in the country.

When to Call EPIC

If you experience any of the following, you may have a hearing problem that needs attention:

- **Difficulty understanding voices and words (especially those of women and children)**
- **Occasional ringing in one or both ears**
- **Itching in the ear canals**
- **Difficulty understanding in noisy situations**
- **Turning up the television volume to understand the dialogue**

How Often Should Your Hearing Be Checked?

Hearing tests should be part of your regular health maintenance plan. Hearing professionals recommend testing as follows:

Children 5 – 18	Every two years
Ages 20 – 50	Every two years
Ages 50 +	Annually
Everyone	Anytime you have a concern

The EPIC 5-Step Plan

Any symptom of hearing loss deserves expert evaluation and treatment by a trained hearing health care specialist.

The EPIC Hearing Service Plan starts with an evaluation of your ears and your hearing. Diagnostic tests and measures will determine the course of treatment most likely to help you hear better. The EPIC Hearing Plan's 5 Basic Steps to Good Hearing include:

STEP

- 1 **Pure Tone Hearing Test** to determine if a hearing problem exists.

STEP

- 2 **Functional Assessment** to determine the magnitude of the problem and the technology best suited to treat it.

STEP

- 3 **Hearing Aid Evaluation** to determine your ability to wear a hearing aid and select the best model and make.

STEP

- 4 **Fitting and Programming** your hearing aid.

STEP

- 5 **Therapy and Training** to fine-tune your device and maximize the benefits you receive.

How the EPIC Plan Works

- **Call EPIC today to start your hearing program.**
- **A hearing counselor will register you and assist in determining your hearing care needs.**
- **You will receive a Hearing Service Plan booklet outlining all plan services and pricing.**
- **A hearing counselor will coordinate a referral to a provider located near your home or work.**
- **Contact the provider; follow through with an appointment, examination and treatment.**
- **EPIC will coordinate and manage all payments, and assist you in coordinating insurance benefits or coverage when applicable.**
- **Our hearing counselors are available to help you, and to provide advice or additional information.**
