

**SUMMARY OF MATERIAL MODIFICATIONS
TO THE
BRIDGTON HOSPITAL 401(K) PLAN
TO REFLECT THE PROVISIONS OF
THE PENSION PROTECTION OF 2006 (PPA)
THE HEROES EARNINGS ASSISTANCE AND RELIEF TAX ACT OF 2008 (HEART)
AND
THE WORKER, RETIREE AND EMPLOYER RECOVERY ACT OF 2008**

The Summary Plan Description (SPD) is hereby modified to reflect the amendment to the Plan for the Pension Protection Act of 2006 (known as "PPA"), the Heroes Earnings Assistance and Relief Tax Act of 2008 (known as the "HEART Act") and the Worker, Retiree and Employer Recovery Act of 2008, effective for Plan Years beginning on or after January 1, 2008.

1. The Article of the SPD entitled "CONTRIBUTIONS TO THIS PLAN" is hereby amended by adding a new section to read as follows:

"Returning From Qualified Military Service

Under federal law, if you have a period of "Qualified Military Service" as defined below and are reemployed, the Employer is required to make up any Employer Non-Elective Contributions that you would have been entitled to received had you not been absent. (If this is a 401(k) plan, you may also elect to make additional Elective Deferrals, Roth Elective Deferrals and, if applicable, Catch-up Contributions upon your return to make-up for contributions that you did not make during your period of Qualified Military Service. If you do elect to make up Elective Deferrals and/or Roth Elective Deferrals, your Employer is required to make-up any Safe Harbor Matching Contributions.) Your Employer has a period of three (3) times the period of your military service leave to make up such missed contributions, not to exceed five (5) years. When determining the contributions to be restored to your account, your Employer will use the Compensation you would have received during the period of your leave, based on your rate of pay during the twelve (12) month period preceding your leave. "Qualified Military Service" is generally any service in the "uniformed services" of the United States, including service in the reserves. The uniformed services include the Army, Navy, Marine Corps, Air Force, Coast Guard, and Public Health commissioned corps.

If this Plan permits loans, and you have an outstanding loan from the Plan and elect to continue to repay your loan during your Qualified Military Service, interest on your loan will still continue to accrue; however, it will be limited to 6% per year. As with any other leave of absence, your loan will still have to be repaid within the maximum five (5) year term.

You will also be able to suspend the repayment of any loan from the Plan during your Qualified Military Service. Interest will continue to accrue on your outstanding loan while payments are suspended. Upon the completion of your Qualified Military Service and return to employment with the Employer, your loan will be re-amortized and the original term of the loan will be extended to account for your period of Qualified Military Service."

2. The section of the SPD entitled "Death Benefits" is amended by adding to include the following language:

"Effective for distributions made after December 31, 2006, Designated Beneficiary will also include a non-spouse Designated Beneficiary. For this purpose, a non-spouse Designated Beneficiary means a Designated Beneficiary other than (i) a Surviving Spouse or (ii) a Spouse or former Spouse who is an Alternate Payee under a Qualified Domestic Relations Order."

"If you elect to waive the Qualified Joint and Survivor Annuity or Qualified Pre-Retirement Survivor Annuity form of benefit, you may elect a Qualified Optional Survivor Annuity during the applicable Election Period, and revoke such election at any time during the applicable Election Period. Any waiver of the Qualified Optional Survivor Annuity must satisfy the waiver and notice requirements required by the Plan. A Qualified Optional Survivor Annuity means, with respect to a married Participant, an immediate annuity for your life with a survivor annuity for the life of your Spouse which is 75% of the amount paid for the joint lives of you and your Spouse if the Qualified Joint and Survivor Annuity percentage is less than 75% or 50% if the Qualified Joint and Survivor Annuity percent is greater than or equal to 75%. A Qualified Joint and Survivor Annuity shall be the actuarial equivalent of a single life annuity for your life."

3. The section of the SPD entitled "Rollover of Payment" is hereby amended to include the following language:

"Effective for distributions made after December 31, 2006, in the case of an Eligible Rollover Distribution to a non-spouse Designated Beneficiary, an Eligible Retirement Plan is an individual retirement account or individual retirement annuity as defined in Code Sections 408(a) and 408(b). A Direct Rollover of a distribution by a non-spouse Beneficiary is a rollover of an Eligible Rollover Distribution for purposes of Code Section 402(c) only. Accordingly, the distribution is not subject to the Direct Rollover requirements of Code Section 401(a)(31), the notice requirements of Code Section 402(f), or the mandatory withholding requirements of Code Section 3405(c). If an amount is distributed from a Plan and is received by a non-spouse Beneficiary, the distribution is not eligible for rollover.

For purposes of this paragraph, to the extent provided in rules prescribed by the Secretary, a trust maintained for the benefit of one or more designated beneficiaries shall be treated in the same manner as a Designated Beneficiary.

For distributions made after December 31, 2007, an Eligible Retirement Plan shall include a Roth IRA as described in Code Section 408A; however, for taxable years beginning prior to January 1, 2010, the income restrictions that apply to a rollover from a traditional IRA into a Roth IRA will continue to apply to Accounts other than a Roth Contribution Account."

4. The section of the SPD entitled "Required Minimum Distributions" is amended by adding the following:

"The Plan has suspended the Required Minimum Distributions for Plan Participants or their Beneficiaries for the 2009 calendar year. However, you may elect to continue to receive your Required Minimum Distribution upon proper notice to the Plan Administrator. Any Required Minimum Distribution received in 2009 may be rolled over to an individual retirement plan or annuity or other eligible retirement plan within the time period permitted. The Plan is not required to apply the direct rollover rules, nor to provide the written notice and explanation of the direct rollover rights, nor apply the mandatory 20% withholding which applies to an eligible rollover distribution. An indirect rollover contribution of the distribution amount still may be made pursuant to the sixty (60) day rollover rule.

If you die prior to the distribution of your benefit beginning in accordance with the Required Minimum Distribution rules, then distribution of your account must be distributed within five (5) years after your death. Special rules apply for the Spouse of a deceased Participant and an election may be made to distribute the benefits over the life-time or life expectancy of the Designated Beneficiary. In applying the five (5) year rule, the relief allows the 2009 calendar year to be ignored. For Beneficiaries of deceased Participants, calendar year 2009 will not be counted as part of the five (5) year period during which they must take a distribution."

5. The Article of the SPD entitled "IN-SERVICE DISTRIBUTIONS" is amended by adding a new section:

"Periods Of Qualified Active Military Service Treated As Severance From Employment

Employees performing military service while on active duty for more than thirty (30) days will be treated as having incurred a severance from employment during such period. The restrictions on in-service distributions found above and in the Plan shall not apply. If an Employee who is a Plan Participant elects to receive a distribution of Elective Deferrals under this provision, the Participant may not make an Elective Deferral or Employee Contribution during the six (6) month period beginning on the date of the distribution."

6. The Article in the SPD entitled "DISTRIBUTIONS FROM THE PLAN" is hereby amended to comply with Section 104 of the HEART Act effective for deaths and disabilities occurring on or after January 1, 2007 by the addition of the following new paragraph at the end of the section:

"Death Benefits Under USERRA-Qualified Active Military Service

If you die or become disabled (as defined under the terms of the Plan) on or after January 1, 2007 while performing qualified military service with respect to the Employer maintaining this Plan, you may be treated as if you had resumed employment in accordance with your reemployment rights under USERRA, on the day preceding your death or Disability (as the case may be) and terminated employment on the actual date of your death or Disability. The Employer maintaining the retirement plan must credit all Employees performing qualified military service who died or become disabled as a result of performing

qualified military service, prior to reemployment by the Employer with Service and benefits on reasonable equivalent terms. Please see the Plan Administrator for more information and how this section may affect you.

7. The section of the SPD entitled "Receive Information About Your Plan And Benefits" is hereby amended by replacing the last paragraph to read as follows:

"Additionally, you may obtain a statement explaining whether you have a right to receive a benefit at Normal Retirement Age and if so, what your benefits from the Plan would be at Normal Retirement Age if you stopped working now. If you do not have a right to a benefit, the statement must include information as to when benefits will be available to you. A statement must be provided to you at least annually. However, if this Plan permits Participants to direct investment of their own accounts, this statement must be provided to you at least once every calendar quarter. The Plan must provide the statement free of charge."

8. The section of the SPD entitled "In-Service Distributions" is amended by adding the following:

"A Qualified Reservist Distribution (QRD) may be requested by a Participant who is ordered or called to active duty for a period of one hundred and eighty (180) days or more because he or she is a member of a reservist unit. A Participant called to active duty prior to June 18, 2008 and whose period of active duty continues after June 18, 2008 may request a QRD if the period of active duty meets the duration requirements. The right to receive a QRD only applies to the Participant who is called to active duty. It does not apply to a Participant because another family member is called to active duty. A Participant may request a QRD on or after the date of the order or call to active duty and before the last day of the Plan Year (or a grace period if permitted by the Employer) during which the order or call to active duty occurred. The Employer and/or Plan Administrator must receive a copy of the order or call to active duty prior to any amounts being distributed. The Employer and/or Plan Administrator may rely on the order to determine the period that the Participant has been ordered or called to active duty. The Participant is eligible for a QRD if the order specifies a period of one hundred and eighty (180) or more days. It does not matter if the actual period of active duty is less or otherwise changed. A Participant will be eligible for a QRD if the original order or call is less than one hundred and eighty (180) days and subsequent calls or orders increase the total period of active duty to one hundred and eighty (180) or more days.

The ten percent (10%) early withdrawal penalty tax will not apply to a Qualified Reservist Distribution (QRD):

- (1) attributable solely to Elective Deferrals under a 401(k) Plan;
- (2) made to a Participant who is a member of a reserve component as defined in Title 37 of the U.S.C. Section 101, who was ordered or called to active duty after September 11, 2001 for a period in excess of one hundred and seventy nine (179) days or for an indefinite period; and
- (3) that is made during the period beginning on the date of the order or call to duty and ending at the close of the active duty period.

A Participant who receives a qualified reservist distribution may repay to an individual retirement plan (in one or more contributions) the amount of the distribution at any time during the two (2) year period after the end of the active duty period. The dollar limitations that would otherwise apply to IRA contributions will not apply to repayment contributions during such two (2) year period and no deduction is allowed for any contribution made under this provision."

If you have any questions, please contact the Plan Administrator.
